

CHRIST CHURCH

Church of England Secondary Academy

Yr 7 Geography

Why we think this is important for you

So you understand our place in the world. We will explore the Geography of the UK and the World and begin to understand how our actions have an impact on the modern world. Our work will include opportunities to develop the skills needed to become an excellent Geographer, these include literacy and numeracy skills. Some subject content will build on work from primary school, so please impress us with your knowledge and understanding.

What are the big ideas and concepts I will cover this year?

- What is the Geography of the UK?
- What is the Geography of the World?
- How has Globalisation affected our World?
- How is China's Economy Growing?
- Rethinking Rainforests
- Problem Plastics

What am I learning about in Geography this year?

How can I explore this subject and topic more?

Watch documentaries or films – David Attenborough and Simon Reeve
Use BBC bitesize

Autumn 2

Spring 1

Spring 2

Summer 1

Summer 2

Iguazu Falls

The Great Barrier Reef

Antarctica

Indonesian Volcanoes

The Grand Canyon

Industry in China

China over time

Where is China?

Environmental Issues in China

China's Population Density

Geography of China

How can we tackle plastic pollution?

Plastic in oceans

Where does plastic pollution come from?

Plastic in ecosystems

Plastic in rivers

Why is plastic a problem?

CHRIST CHURCH

Church of England Secondary Academy

Yr 8 Geography

Why we think this is important for you

Our work will build on our knowledge of the UK and the World which we learnt in Year 7. You will understand the physical and human processes which shape the UK and the World. You will be able to interpret geographic data to explain human and physical aspects of the world and you will be able to use your knowledge to explain how humans affect the world and what we can do to live more sustainably.

What are the big ideas and concepts I will cover this year?

- Our Unequal World
- Ecosystems and Biomes
- How is the World's Population changing?
- Migration and Urbanisation
- The UK's Physical Geography

What am I learning about in Geography this year?

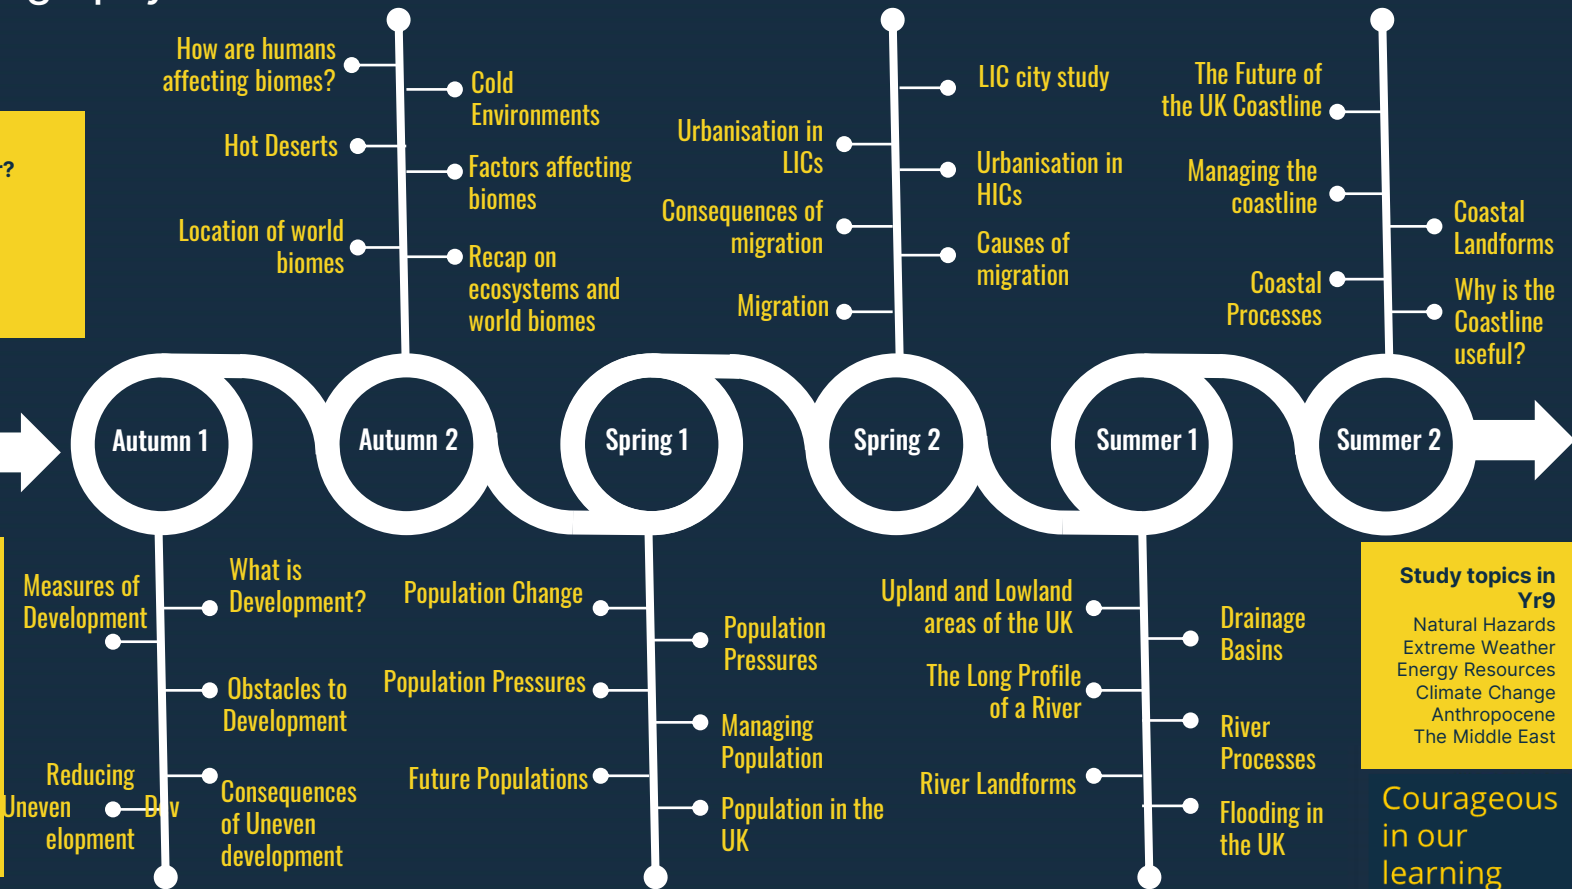

How can I explore this subject and topic more?

Watch documentaries or films – David Attenborough and Simon Reeve
